JET SALES & ACQUISITIONS

Meisner Aircraft's aviation heritage dates back to 1922, when Edward C. Meisner began his career with National Air Transport, a company that in 1931 would ultimately evolve into United Air Lines, Inc. Today, the Meisner family proudly represents four generations in aviation, continuing the legacy of a Wisconsin-based firm recognized for its ability to take trade-ins or purchase aircraft outright. Since its establishment in 1979, Meisner Aircraft has earned a strong reputation for facilitating seamless internal trade-in transactions for customers and dealers around the world.
